CEILING BAFLE

SILENCE AND STYLE
BEYOND ACOUSTIC SOLUTIONS

ABOUT US

AcousticMOD is a leading manufacturing company in PET felt production. Our goal is to provide innovative consumer and commercial textile products to markets around the world. We design high quality acoustic absorbers to improve acoustic performance indoors, enhancing communication and concentration levels. We are known for our commitment to achieving the best acoustic and decorative results for spaces

MANUFACTURE

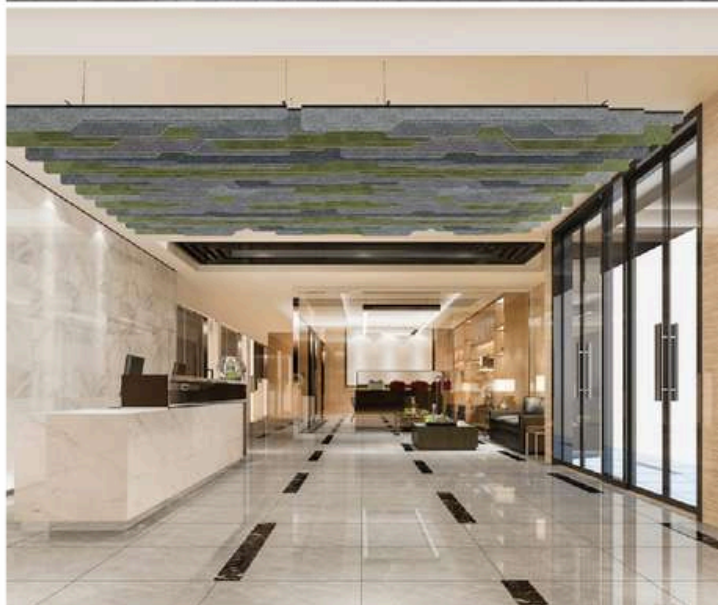

We design and produce our products by dedicating ourselves to uncovering customer needs and striving to meet them. We proudly offer complimentary services focusing on our expertise in acoustics and interior design. Our team is willing to collaborate with architects, interior designers and facility planners to achieve optimal solutions in the fields of acoustics and aesthetics for indoor environments. Our mission is to provide innovative, market-oriented solutions with specialized products tailored to unique customer requirements. Representing the experience behind our organization, the AcousticMOD team is committed to the core principles of continuous diversification, continuous growth and sustainability

CEILING BAFFLE

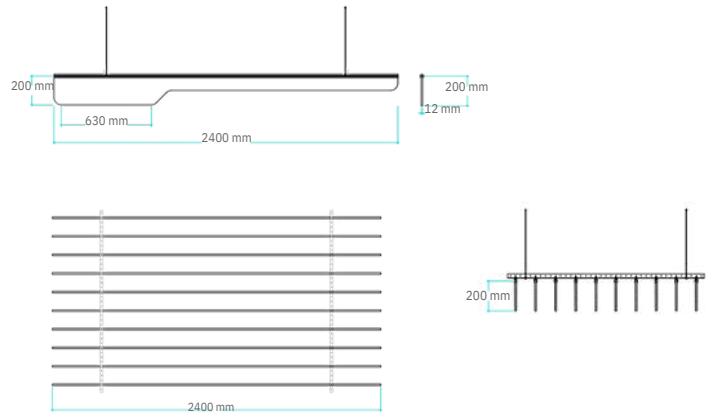

KNIFE A

Specifications

Brand	acousticMOD
Product Name	Knife A
Material	100% Polyester (Recycled PET approx. 50%)
Standard Size	94.49"x8.42"x0.66" 2400x214x17mm
Felt Material Thickness	0.47" 12mm
NRC	0,60
Total Product Weight	16.3 kg/Pack (+/- 5%)
Field of Use	For Ceiling
Package Size	94.9"x8.7"x6.3" 2410x220x160mm
Recommended Gap Size	4,9" / 7,8" 125mm / 200mm

KNIFE B

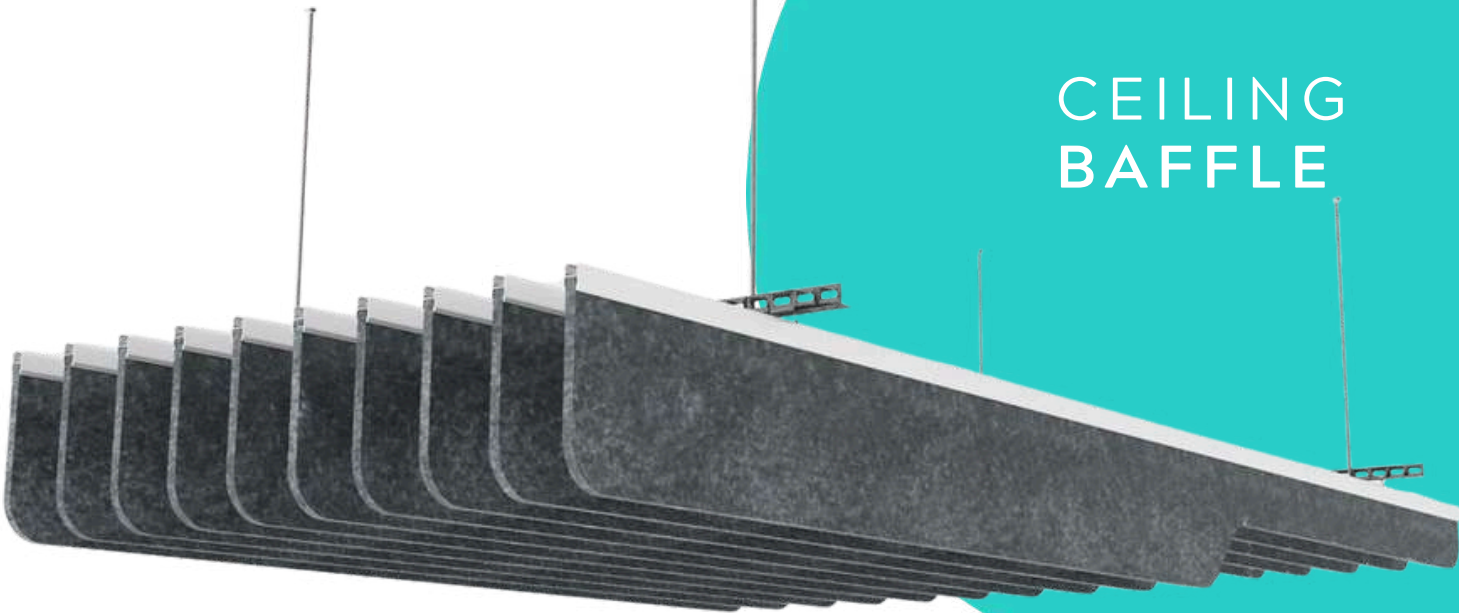

Specifications

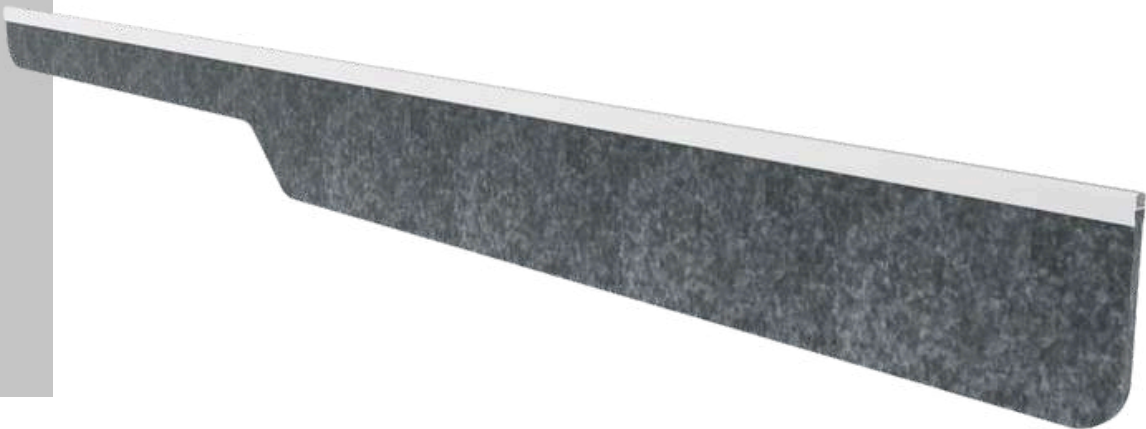

Brand	acousticMOD
Product Name	Knife B
Material	100% Polyester (Recycled PET approx. 50%)
Standard Size	94.49"x8.42"x0.66" 2400x214x17mm
Felt Material Thickness	0.47" 12mm
NRC	0,60
Total Product Weight	16.3 kg/Pack (+/- 5%)
Field of Use	For Ceiling
Package Size	94.9"x8.7"x6.3" 2410x220x160mm
Recommended Gap Size	4,9" / 7,8" 125mm / 200mm

CEILING BAFFLE

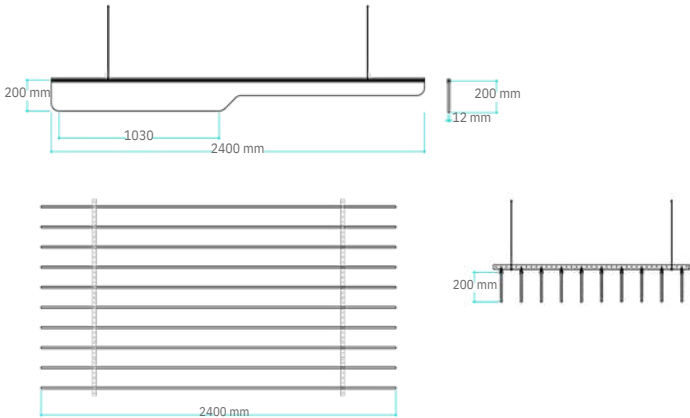

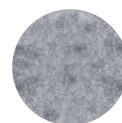

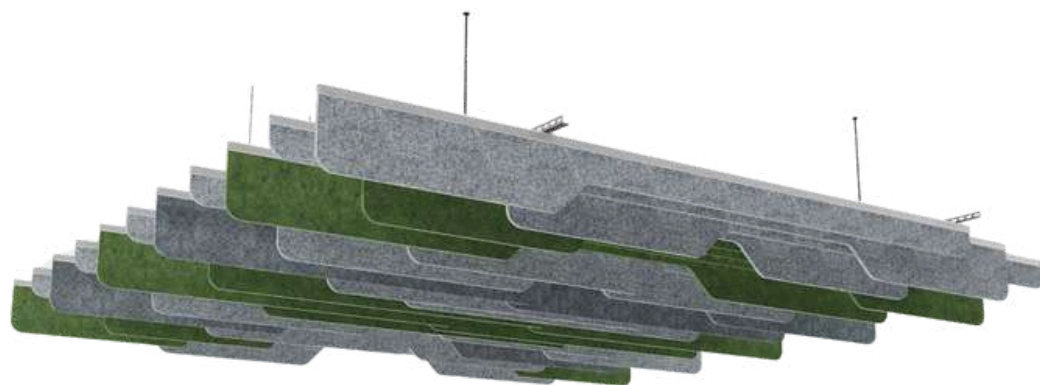

KNIFE C

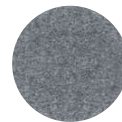

Specifications

Brand	acousticMOD
Product Name	Knife C
Material	100% Polyester (Recycled PET approx. 50%)
Standard Size	94.49"x8.42"x0.66" 2400x214x17mm
Felt Material Thickness	0.47" 12mm
NRC	0,60
Total Product Weight	16.3 kg/Pack (+/- 5%)
Field of Use	For Ceiling
Package Size	94.9"x8.7"x6.3" 2410x220x160mm

INSTALLATION INSTRUCTIONS

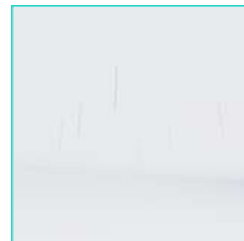

Item

Step 1

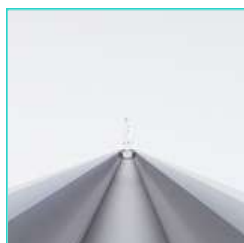

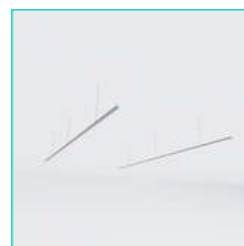

Determine the area where the acoustic panel will be hung:
Measure and mark the ceiling area carefully to ensure proper placement of the acoustic baffles for optimal acoustic performance.

Applied Form

Step 2

Attach the threaded rod to the ceiling using a powder-actuated tool:
A hole is drilled into the ceiling surface, and a wall plug is inserted to mount the threaded rod. The rod is securely fastened to the ceiling surface using the plug.

Step 3

Fix the L profile to the threaded rod:
Slide the L profile onto the threaded rod from below, then secure it by tightening a nut to prevent movement.

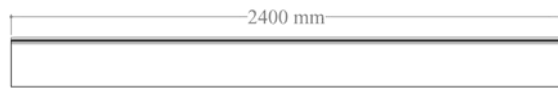

Step 4

Attach the acoustic baffle:
Install a nut onto the upper profile of the acoustic baffle. Then, connect the baffle to the L profile using a bolt and nut, securing it firmly.
